MEDICAL REVITALIZATION AND ANTI-AGEING TREATMENT

At the highest technological level, it is a regenerative, preventive and curative medicine effective in case of:

- General reduction in vitality
- Occupational stress – Burn-out
- Physical and psychological fatigue
- Anti-ageing effects
- Decrease of the immune system
- Osteoarthritis
- Endocrine disorders
- Problems related to the menopause
- Sexual impotency
- Stress related effects on homeostatic systems
- Chronic pains
- Arteriosclerosis of the cardiovascular system

DETOXIFICATION TREATMENT

- Our detoxification program is based upon the principle of helping the body eliminate toxins in order to restore the internal biological balance and consequently improve health, beauty and well-being.
- More effective by injections, our detoxification treatment is based on homeopathy and consists of natural ingredients with no side effects.

When our body is over-loaded with toxins, the first warning signs are:

- General fatigue
- Premature ageing of the skin
- Lack of energy, depressed state
- Insomnia
- Headaches...

MEDICAL CHECK-UP

All our programs start with a complete check-up which includes:

- Complete blood and urines analysis
- Electrocardiogram (ECG)
- Pulse Oximetry
- Body-mass Index (BMI)
- Body-fat Index
- Consultation and clinical examination with the chief doctor

At the end of the assessment, an adequate treatment will be proposed.

MEDICAL STAFF

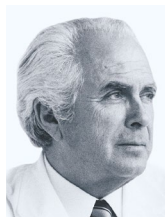

For exceptionally therapeutic stays, all our programs are monitored by a multidisciplinary team.
